

Account Opening

Open a unit trust account or a CDS account using the App.

No forms or physical visit to any office required!

Automatically upload your documents and our team will undertake verification for faster processing.

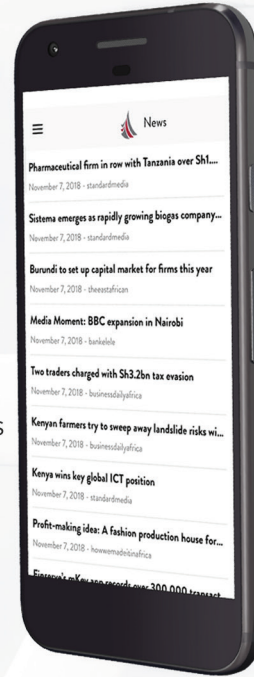

Portfolio View

View the entirety of your portfolio in stocks and unit trust in a single glance.

Research and News Features

Aggregated news from various sources relating to the economy, financial services, current headlines and general information is available in the App.

The Genghis Research reports are shared with our clients directly via the chat on the app.

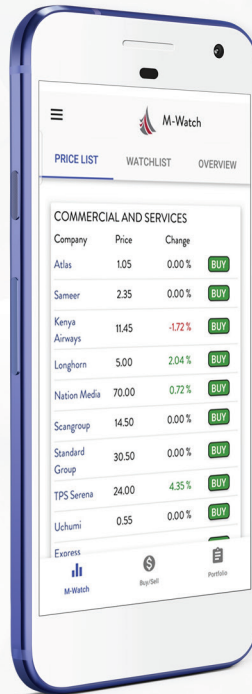

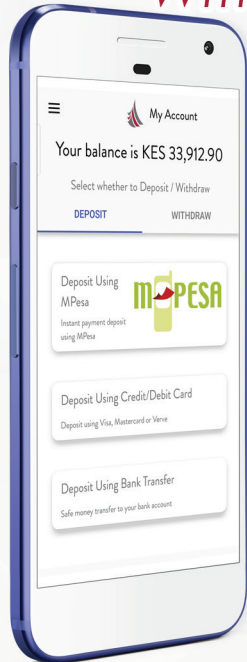

Depositing & Withdrawing Funds

Instantly make deposits to your account anywhere and anytime.

The auto-receipting feature for CDS accounts means that money reflects in your account in a matter of seconds!

There are multiple ways to credit your account: Mobile Money (M-Pesa), Bank Deposit (via any of the five bank accounts listed)

Make a request to withdraw funds from your account anytime.

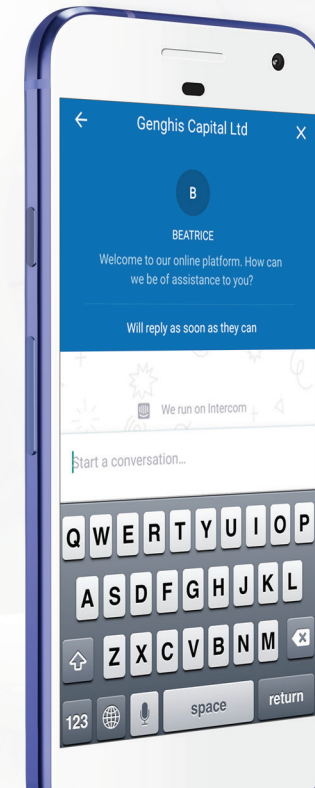

Securities Trading

G-Kuze links you to the NSE providing you access to all the asset types listed on the exchange

Detailed information on each stock listing is available with graphical representation of performance, and options to buy or sell.

Unit Trust

Access the Genghis Capital money market fund, Hela Imara, which serves as a savings option with a better rate of return than a conventional savings account.

Live Chat

Reach out via direct chat function for any assistance, clarification or comment within the App.
